

WARM HEARTS

WARM HANDS & FEET

!!! URGENT !!!

At the UMW meeting on Tuesday evening Pastor Amy brought a need to our attention. The Breckenridge Street, UMC hosts a soup kitchen on Sunday nights and has noticed that many of the men and women who partake are without warm socks, gloves, hats and scarves. They have asked for help from our church.

The knitting group is working on hats and scarves. The UMW is collecting socks, mittens and gloves. If you are able to help please bring any gently used or new ADULT items to the church or call the office and someone will pick them up for you. Thank you for your continued support to help fill the needs in our community.

May God Bless You,

St. John United Methodist Women
